

1 **ABSTRACT OF THE DISCLOSURE**

2 An easily removable and replaceable toilet seat and hinge
3 assembly. When it becomes necessary to clean the top of the
4 toilet and seat and lid, a toilet seat and lid may be readily
5 removed without having to remove the bolts which hold the seat
6 and lid on the toilet. Instead, male and female clip members
7 hold the seat to the toilet and may be readily snapped in and out
8 of attachments to remove or replace a toilet seat and lid.
